5 REASONS TO BUY A TENTBOX

1. FITS ALMOST ANY VEHICLE

We've got a TentBox for almost ANY vehicle, you just need to get some roof bars. Visit our website or speak to our team to find out which ones you need.

2. SIMPLE TO INSTALL

A TentBox is really easy to install and should take no longer than 30-60 minutes. You'll just need an extra pair of hands to help lift it onto your roof bars.

3. STURDY & WEATHERPROOF

Made from a durable, waterproof canvas with a wind rating up to 39mph, we've built all our TentBox models to be stormproof. We're so confident in our design, we include a 5-year warranty as standard.

4. RAPID SETUP

One of the main advantages of TentBoxes is their ease of use. Popping up in seconds with your mattress already inside, you're always ready to camp.

5. YEAR-ROUND ADVENTURES

You can keep a TentBox on your vehicle all year round, making spontaneous adventures even easier. If you do want to take it off, the compact design is easy to remove.

TENTBOX® GO

THE VERSATILE MODEL

The latest in the TentBox range, the GO is a lightweight, stripped-back roof tent that's easy to store when not in use. It's a great option if you're looking for a high-performance yet entry-level model that comfortably sleeps two people.

Once fitted, it takes just 60 seconds to open so you're always ready to camp. If you ever want to remove it from your car, you can disassemble it and store it in the compact storage bag – ideal if you have minimal space.

KEY FEATURES

- **Easy to store**: If you don't want to keep it on your car year-round, you can easily pack it down and store it in the GO Storage Bag.
- **Lightweight**: Weighing just 33kg, its compact, streamlined shape can fit on any vehicle.
- **Quick-pitch**: Once installed on your vehicle, it takes just 60 seconds to open and close.
- **Weatherproof**: Built to withstand strong winds up to 39mph, with a 3000mm waterproof rating and silicone taped seams.
- **Comfy bed**: Much like a camping bed, the GO features a comfortable stretched-fabric base for a cosy night's sleep.
- **Integrated storage**: Hanging pocket for all your essentials, plus a tablet holder.
- **Extra ventilation**: Large skylight, front and rear vents, plus 24 hour breathability from the fabric itself.
- **High-performance materials**: Strong yet breathable rip-stop fabric, industrial grade YKK zips, powder-coated aluminium tube and stainless steel bolts.
- **Anti-fade**: UV50+ protection means the fabric won't fade in the sun.

TENTBOX® LITE 2.0

THE COMPACT MODEL

The Lite 2.0 is a great all-rounder that fits on even the smallest cars. With upgraded materials and tonnes of features including a comfy mattress, two skylights and a removable rainfly – this TentBox sets a new standard for roof tents.

Whether you're an independent explorer, a couple seeking weekend getaways, or a solo-parent – spontaneous adventures have never been easier. Popping open in under 5 minutes, you're always ready to camp. The rainfly can also be removed to enter 'summer-mode', for a more minimal look and even faster set up.

KEY FEATURES

- **Lightweight**: Weighing just 49kg and folding away into a small box, you'll barely notice it on top of your car.
- **Weatherproof**: Built to withstand strong winds up to 39mph, with a 3000mm waterproof rating and silicone taped seams.
- **Built-in comfort**: Luxurious 6cm dual layer memory foam mattress.
- **Quick-pitch**: Setup takes less than 5 minutes and can easily be done single-handedly.
- **Integrated storage**: Hanging pocket for all your essentials, plus a tablet holder.
- **Extra ventilation**: Large skylights, four vents, plus 24 hour breathability from the fabric itself.
- **High-performance materials**: Strong yet breathable rip-stop fabric, industrial grade YKK zips, and an aluminium frame.
- **Anti-fade**: UV50+ protection means the fabric won't fade in the sun.

TENTBOX® LITE XL

THE SPACIOUS MODEL

The Lite XL is perfect for families, people with pets, or those who simply enjoy a bit more space. Our biggest roof tent in the range, it features a super-king mattress for sharing with the kids, double skylights for stargazing, and a whole host of new features and material upgrades.

Despite its size, it's still quick and easy to set up. In less than 5 minutes you can create an awesome basecamp for all your adventures. The rainfly can also be removed to enter 'summer-mode', for a more minimal look and even faster setup.

KEY FEATURES

- **Super spacious**: The Lite XL is huge inside, and can comfortably sleep 4 adults. Despite this, it still only weighs 62kg.
- **Weatherproof**: Built to withstand strong winds up to 39mph, with a 3000mm waterproof rating and silicone taped seams.
- **Built-in comfort**: Luxurious 6cm dual layer memory foam mattress.
- **Quick-pitch**: Setup takes less than 5 minutes and can easily be done single-handedly.
- **Integrated storage**: Hanging pocket for all your essentials, plus a tablet holder.
- **Extra ventilation**: Large skylights, four vents, plus 24 hour breathability from the fabric itself.
- **High-performance materials**: Strong yet breathable rip-stop fabric, industrial grade YKK zips, and an aluminium frame.
- **Anti-fade**: UV50+ protection means the fabric won't fade in the sun.

TENTBOX® CLASSIC 2.0

THE COMFORT MODEL

With its iconic boxy shape, matte black shell and angular design, the new and improved Classic 2.0 feels more like a bedroom than a tent. With a range of new features including an integrated LED light and upgraded materials, it's camping like you've never known it before.

It comfortably sleeps two on the built-in memory foam mattress, and there's plenty of space to carry gear, bedding and pillows inside when closed. But the best part? It opens and closes in just 60 seconds, so you'll always be ready for adventure.

KEY FEATURES

- **Quick-pitch:** High-powered gas struts open the TentBox in just 60 seconds.
- **Storage space:** When closed, there's plenty of space to store bedding, pillows and the ladder inside while you're driving.
- **Weatherproof:** Built to withstand strong winds up to 39mph, with a 3000mm waterproof rating and silicone taped seams.
- **Built-in comfort:** Luxurious 6cm dual layer memory foam mattress.
- **Plenty of pockets:** Large roof net and 4 large side pockets as well as a zip bag under the mattress for porch poles.
- **Extra ventilation:** 4 large windows and doors, plus 24 hour breathability from the fabric itself.
- **Integrated light:** A dimmable, rechargeable LED bar light with internal mounts and magnets for attaching to your car.
- **High-performance materials:** Strong yet breathable rip-stop fabric, industrial grade YKK zips, and an aluminium frame.
- **Anti-fade:** UV50+ protection means the fabric won't fade in the sun.

TENTBOX® CARGO 2.0

THE RUGGED MODEL

The Cargo 2.0 is our most rugged TentBox and the fastest to open. With upgraded materials, it's built tough with an aluminium exoskeleton and the option to carry extra gear on top like bikes, surfboards or additional storage.

Now installed with a comfier mattress, skylight, integrated LED bar light and removable porch – it's a high-performance roof tent with everything you need for epic adventures. And it couldn't be easier to set up. With the built-in stainless steel gas struts, it only takes 30 seconds to open, and closes with just one hand.
